## ABOUT US

Since 2004 we have been designing and delivering specialist courses and providing qualified consultancy to companies and public bodies in the sectors of transport security, infrastructure and stewarding.

We carry out security services with specialized and certified personnel, boasting over ten years of experience in the sector, with brilliant results, recognized by private companies and public bodies.

## INNOVATIVE TEACHING

Active methods with multimedia presentations guarantee the maximum level of sharing and involvement in the training process.

Frontal lessons

Illustrative speech

Classroom discussions

Free exchange of opinions on a particular topic, between participants and trainer

Role Play

Role-playing action, in pairs or in groups

Training

Simulation of real operating situations

Brainstorming

Free association of ideas on a given topic

Case studies

Analysis of cases that actually happened
